

23MDPP246

CAT6 24 Port Patch Panel with Cable Tidy.

Specification:

Frame: SPCC.

Plastic Housing: ABS.

RJ45 contact material & finish:

a) Nickel Plated Phosphor Bronze.

b) Contact area: 50μ Gold Plated.

IDC Housing: PC.

IDC Terminal material & finish:

a) Tin plated Phosphor Bronze.

b) Dual Tool compatible.

c) Suitable for 22-26AWG stranded and solid wire.

Colour Coded Labels for T568A & T568B.

Insertion Force: 900grms for 8 contacts.

Retention Strength: 7.7kgs between Jack & Plug.

Operation Temperature: -30° to 68°.

Durability: Jack: 750 cycles Plug – Jack mating & un-mating test.

Insertion cycles/minute max, contact resistance test per 100 cycles.

IDC: Max. 200 punching times.

Cat6 performance in compliance with ANSI/TIA/EIA 568 C.2 standard.

RCM Compliant.
