RL NIGHLATCHES

With its up to date modern design it's a great alternative when you need a replacement. Simply rotate the key 360 to deadlock the bolt (preventing shim attack) while still allowing free egress from the inside.

Inside snib can be used to hold back or lock the bolt so key will not operate.

Opened by key from outside and by turn knob inside. The RL Nightlatch is a great replacement or upgrade.

Signature Line of Readers

The Signo signature line of readers have been years in the making and represent the most advanced and secure reader in the industry.

Signo combines versatility, performance and connected capabilities, setting a new industry benchmark. The range provides a simple and effective approach to secure access control for almost any scenario. Signo readers support past, present and future technologies, making this the perfect reader to transition to a secure authentication technology. The readears can be remotely managed via the reader manager app which empowers the installer to make necessary changes anytime, anywhere.

PRODUCT SPOTLIGHT

PREMIERSHIP QUALITY 3D HOUSE KEYS

With the AFL & NRL seasons recently kicking off these 3D house keys are a huge hit with sports fans and die-hard supporters. The range includes all AFL & NRL teams, and each clubs logo is featured on both sides.

Available in TE2 & LW4 profiles, these genuine licensed 3D house keys and footy flip keys are a must-have!

AFLLW4RTFLIP   NRLTE2BB

UNOCODE F-SERIES

New from the ground up, no single component escaped revision and upgrading. A dedicated team of 50 engineers invested more than 30,000 hours in the new machine. Hundreds of new drawings were made, parts designed, tested, revised and tested again over four years - and the result has arrived: Unocode F-Series.

Available in a variety of models, the machine is designed to perform to the very highest standards and appeal to the most professional locksmiths. Automate, speed and simplify your operation in one hit.

WH SOFTWARE
A Smarter Way

ACCESS SOLUTIONS 24/7/365 FROM THE WH-SOFTWARE KNOWLEDGE BASE

WH-Software have released a new and improved version of their popular online Knowledge Base. Designed to be easier to read, use, navigate and understand, all articles have been reformatted to make them more relevant and easier to understand.

Articles address common configuration questions for ProMaster and InstaCode products, and new articles answer questions around complex master keying concepts such as hierarchical key profiles and how to configure these in ProMaster8.

Ideal for your IT partners to use when installing products in a corporate network environment, or for when you've got a tricky system to set up, jump onto it at https://kb.whsoftware.com/
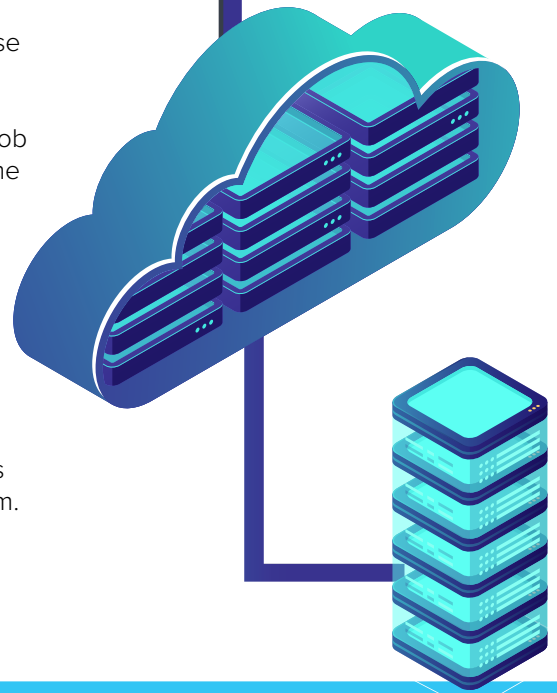

PUBLISHING SERVER SERVICE

Keep your customers up to date with system changes automatically when you use WH-Software's Publishing Server Service with ProMaster8 Key Manager.

Say goodbye to emails and file import. With PM8KM, once you complete a new job in ProMaster8 (for say new keys, or where additional doors have been added), the details can be published via WH-Software's Publishing Server Service.

Your copy of ProMaster8 will 'push' job details out automatically once complete, and the customer's PM8KM will check the server regularly for updated information which they'll be prompted to retrieve at the click of a button.

• **Secure**   • **Simple**   • **Streamlined**

The WHS Publishing Server is FREE to use while your maintenance agreement is current. Remember you can also push jobs to PM8 Mobile using the same system.

☎   **Ask your Account Manager for more details or jump online.**

NEW AND ENHANCED SOFTWARE FOR SMART PRO

Advanced Diagnostics is pleased to announce the release of the ADS2322 proximity key programming software for specific Mazda models from 2018 onwards.

- Coverage includes but is not limited to Mazda 3 model series BP and CX30.
- Proximity key and remote functions are programmed simultaneously.
- Internet connection required.
- CAT B software

new key design for illustration purposes only. Models on older security system also utilises new key design.

IS YOUR SMART PRO UP TO DATE?

Keeping your Smart PRO updated makes for good business practice. Staying informed on available updates and updating the device on the go is as easy as connecting your device to Wifi. Alternatively, if connected to a PC the Loader Program can be utilised.

Recent updates to existing software include:

ADA Smart PRO SW Suzuki 2016 - ADS2233 (AD)
SD752008AD
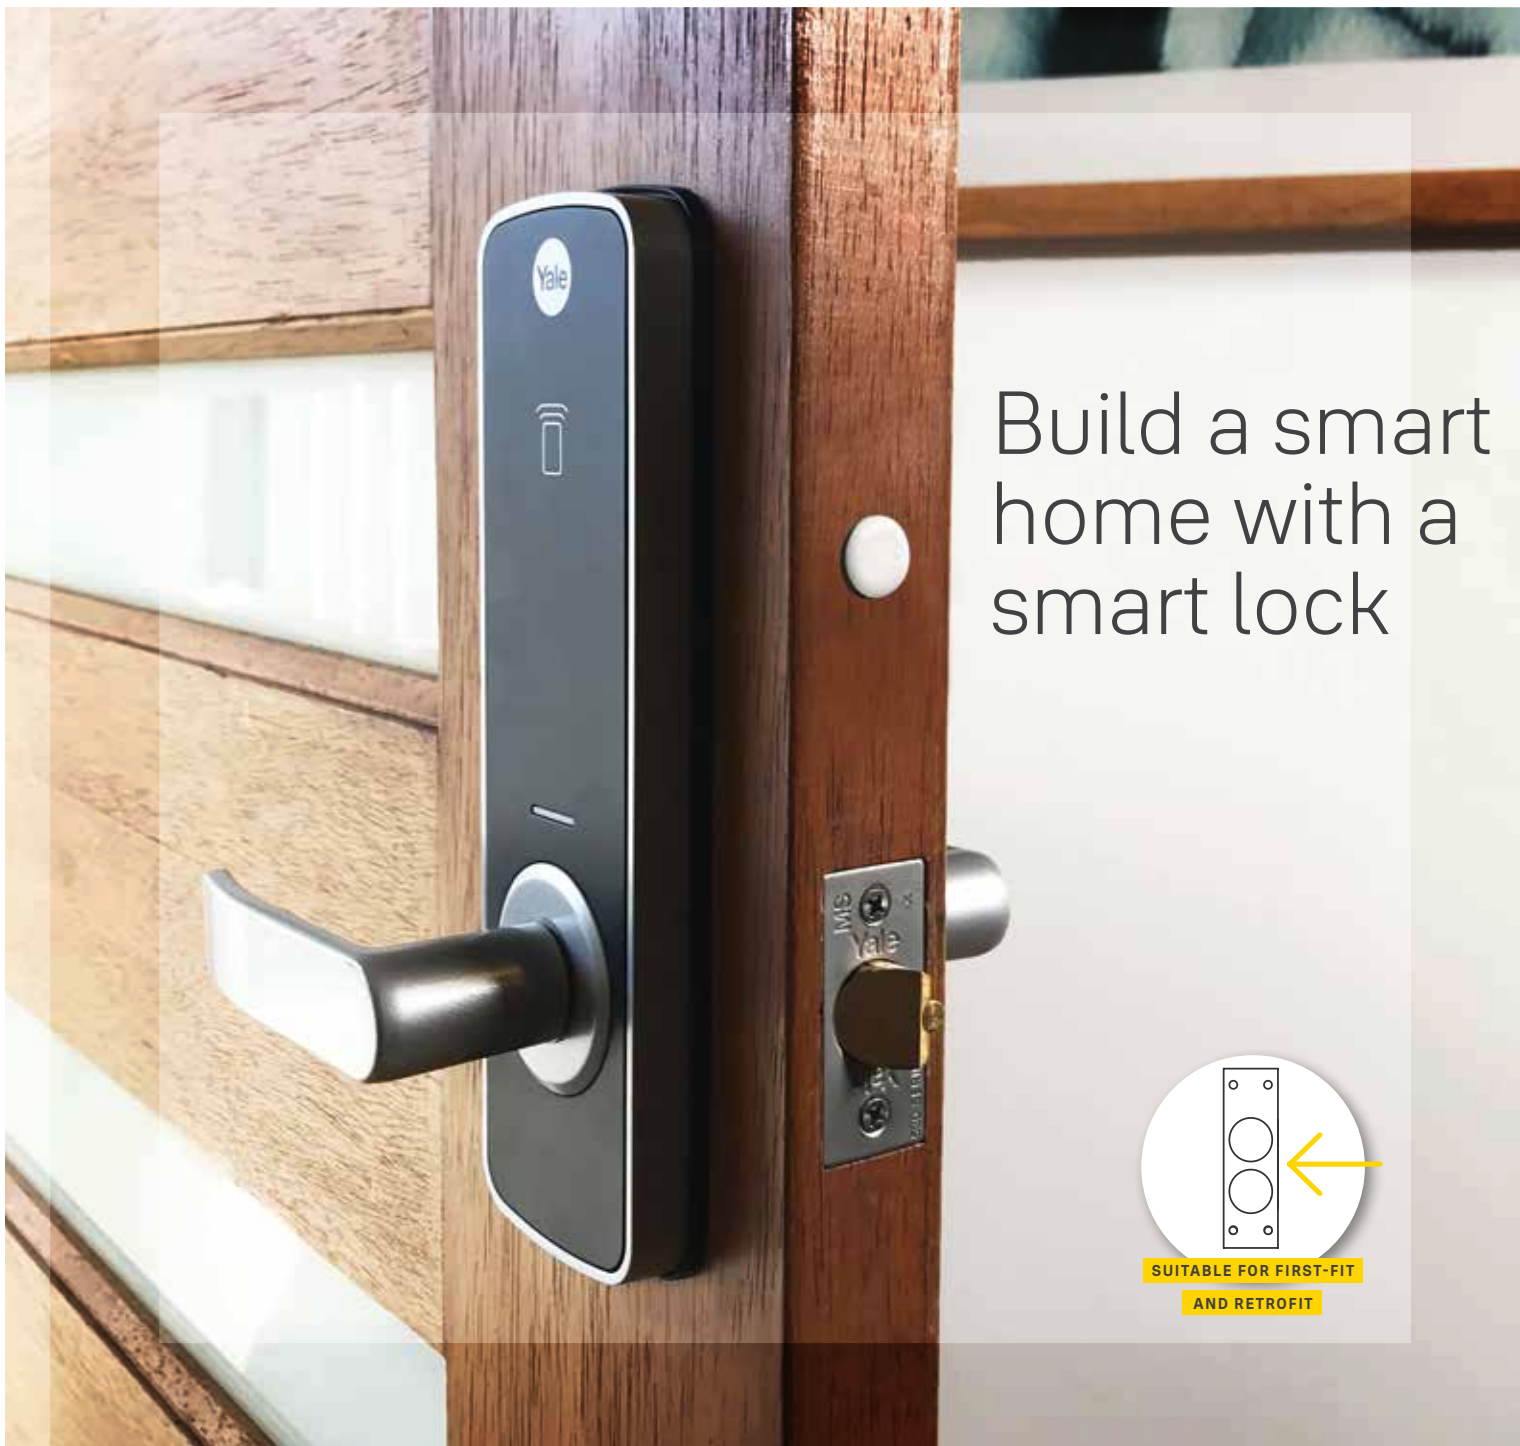

- Enhancements covering bladed and proximity systems.

ADA Smart PRO SW Renault 2011 - ADS2180 (AD)
SD751940AD

- Additional coverage of Renault bladed systems including late model Renault Master.

NEW WEBSITE
coming soon

We've been busy working behind-the-scenes on a brand-new website. You can expect to enjoy all of the same features and functions from our current site, plus some new exciting ones too!

We encourage you to keep an eye on your emails over the following weeks for updates on the official launch date and how to register as new web user.

John Andrew APPRENTICE OF THE YEAR *2021*

Competition opening soon

Are you a locksmith apprentice who wants to test yourself against the best in the business? Or do you work with a locksmith apprentice who deserves acknowledgement for their skills?

If so, don't miss this year's John Andrew Apprentice of the Year Competition (JAAOTY), which recognises the next generation of high achievers in the Australian and New Zealand locksmith industry.

The winner of the competition, and their mentor, receive a fully-funded trip to Europe to visit the Silca factory in Italy and the ABUS factory in Germany, both world-class manufacturing facilities. This is without doubt the best prize in locksmithing anywhere in the world.

If you missed out when last year's competition was cancelled due to coronavirus, don't worry – you'll still be eligible to enter this year. Any locksmith apprentices employed by a Master Locksmiths Association of Australasia Business Member is eligible to enter (terms and conditions apply).

ABOUT THE AWARD:

The John Andrew Apprentice of the Year Competition honours the memory of the late John Andrew, who was the Association's inaugural Life Member and a winner of the AL Chantry Memorial Award for the Pursuit of Excellence.

The Award is sponsored by long-time industry supporters LSC, Silca and ABUS.

2019 Apprentice of the year: Jesse Shepherd

WANT TO CONTROL YOUR GATE OR GARAGE FROM YOUR PHONE?

NOW YOU CAN WITH SILCA!

no wires!

Bluetooth enabled

SRKE15425   SRKE15423   SAVZ1107   SRKE15422   SRKE15421
