A smarter way of locking

The Yale Unity Entrance Lock can now be controlled through the use of the Yale Access App, providing total control over the lock anywhere, anytime*. Lock and unlock the door, grant access to others and keep track of visitor access all via a mobile device.

*The Yale Connect Bridge is required for remote access and voice assistant compatibility.

Yale Unity Entrance Lock

Make the lock even smarter by pairing the Yale Connect Bridge and Yale Smart Keypad.

Yale Smart Keypad

Never leave keys under the mat or worry that the phone may die. Simply use the Yale Smart Keypad to unlock the door.

Yale Connect Bridge

For voice assistant functionality, remote access and control of the lock.

Yale Access App

Yale Smart Locks can now be controlled through the use of the Yale Access App, providing total control over the lock via a mobile device.

Works with amazon alexa · Works with SmartThings · works with Hey Google

Download the free Yale Access app on iOS and Android.

NEW

STREAMLINED ONLINE TOOL

Silca's new and streamlined online tool for everything about keys, remotes, transponders, programming and cutting is now available: My Keys Pro.

The new portal is one single point of reference for all Silca and Advanced-Diagnostics product information, and replaces various tools including the popular "The Catalogue" and "IQ" Apps and Website.

Available for mobile or desktop, MKP allows you to search for information about Silca's vast selection of keys – find detail on regular, automotive, transponder or specialist keys and the equipment needed to cut and/or program them.

✓ Catalogues ✓ Videos ✓ Product Information ✓ Vehicle Programming Guide

Head to www.mykeyspro.com to register.
Your registration is valid across desktop and mobile versions – there's an IOS or Android App available from the relevant outlets.

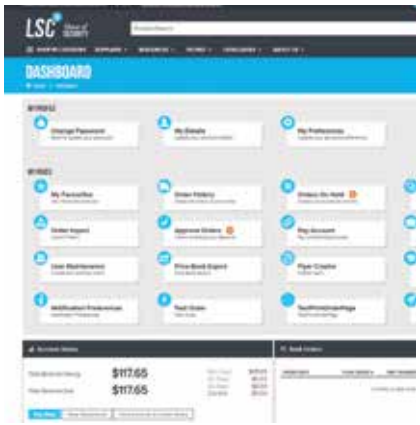
New website coming soon

We're pleased to announce the imminent launch of our new e-commerce website later this month. Security professionals can look forward to a host of new-and-improved features such as category drop-down menus (for enhanced site navigation), a souped-up search function and faster page load speeds.

Many of our customers are on the road all-day, every-day. Recognising this, our new site is designed to offer users a seamless experience regardless of their chosen device – be that a mobile phone while on site or a laptop when you're back in the office.

With over 18,800 products already online, we look forward to growing our range and expanding our site functions to further streamline the shopping process for our customers.



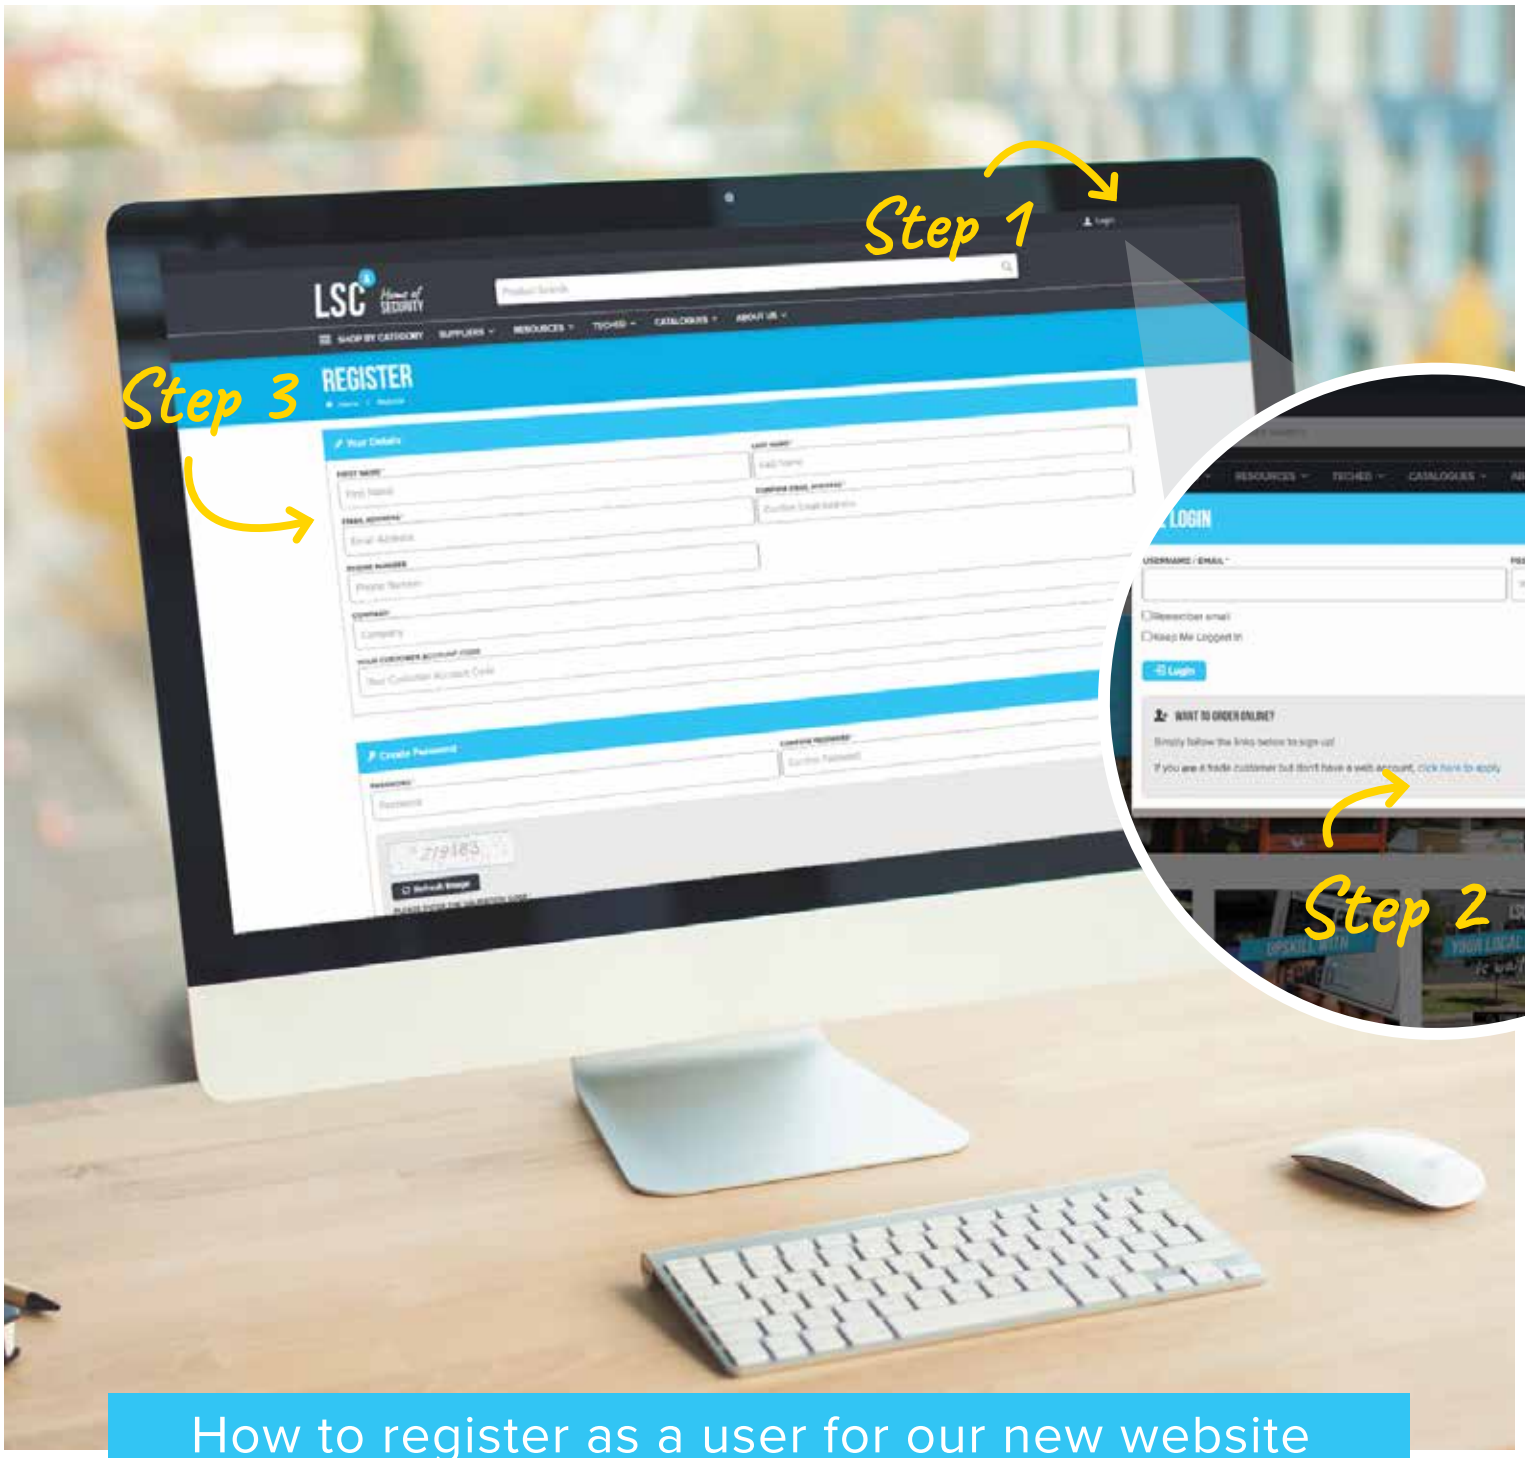
Updated dashboard for simple account management

Find the right product quickly with in-search product suggestions

New mega-menu for improved navigation

With lsc.com.au we work to meet the needs of our customers with a host of industry-leading features including:

- Powerful new search engine
- Detailed product specifications, pricing and stock levels all on one page
- Product filtering capabilities by a range of specification or attribute
- Massive library of catalogues and resources
- Robust self-service user maintenance tools
- View invoices and order history
- CarLab, your ultimate resource for everything auto just got better
- Online training designed to boost your knowledge with TechEd



How to register as a user for our new website

Pricing and stock details are only available to registered users.
Follow the steps below to register as a user on our new website:

Step 1

Click **"login"** in the top right-hand corner of the page.

Step 2

A pop-up will appear. Select **"click here to apply"**.

Step 3

Fill in your customer details* in the form and create a secure password. Hit **"register"**.

Step 4

You should receive an automated email shortly after you submit the form with with your login details.

*Your LSC account number can be found on the top left-hand corner of your most recent statement or invoice.

FREE DELIVERY!* for all orders over $150 *Exclusions apply.

Borglocks CONTROLLING ACCESS

NEW

BORG GATE LOCK "LATCH & LATCH EXTENSION CHANGE"

10 Second Code Set

Borg have made a change to the latch and latch extensions of the Borg ECP gate locks. The original latch was held in by two screws while the new latch is held in place by grub screws and a central bolt that locks two balls in place securing the latch firmly. The new design upgrade will eventually be implemented on all Borg gate lock models.

BUSINESS SUPPORT AVAILABLE

Thinking of upgrading your equipment? Now is a great time!

The Australian Government provided extended means to support business through the worst of our Covid-19 year, and you can still take advantage of these.

The technical name for the most relevant program is 'Temporary Full Expensing', which effectively replaces Instant Asset Write-Off.

Announced as part of the Federal Government's 2020-21 Budget, 'Temporary Full Expensing' means most businesses can immediately deduct the cost of eligible new depreciating assets in the first year they are used.

Eligible assets must be acquired from 7th October 2020, and there is no limit on the cost or number of assets.

Temporary Full Expensing will assist your cashflow by allowing eligible businesses to fully deduct the upfront cost of most assets in the year they are first installed ready for use. There is currently no longer a $150,000 cost limit for most businesses either.

These measures allow you to grow and expand your business, gain efficiency, smooth out headaches and transfer your labour to more productive uses.

LSC can also assist you with financing options, which can allow even more flexibility in certain circumstances. Talk to your Account Manager or our team today and we can point you in the right direction.

Disclaimer: As is often the case with tax laws, the final legislation is complex, and it is important you obtain professional advice specific to your individual circumstance. The above is general guidance and commentary only and may not be applicable to your business. LSC is not a finance broker, nor do we receive any commission from finance.

Own me for as little as $ 84 per week*
