ABUS MONOBLOCK RANGE

**ABUS DON'T MAKE JUST ONE MONOBLOCK,
THEY MAKE AN ENTIRE RANGE!**

The monoblock is a unique shape lock with commercial & industrial applications in mind. Featuring a straight inline shackle, the body is designed to provide greater protection against cutting, pulling or twisting of the shackle.

Available in standard non-rekeyable versions & the ABUS 93/100 compatible with most restricted key systems.

All versions include;

- Precision pin tumbler cylinder
- Hardened steel shackle
- Hardened steel anti-saw pin
- Corrosion resistant internal componentry
- Drill and pull resistance

ADVANCED DIAGNOSTICS SMART Pro MERCEDES* SOLUTION

NEW

Introducing the new Mercedes key programming solution from Advanced Diagnostics and Silca. This new addition to Smart Pro is a fast, reliable and safe method of adding keys to many Mercedes models, 1996 – 2014.

The start-up kit comprises of a new Smart Programmer (ADC260) and 3 high quality Silca IR keys. The programming procedure is as easy connecting the ADC260 to the Smart Pro and vehicle, then following the Smart Pro on screen prompts.

SD755333ZB ADA SMART PRO MERCEDES KIT (Including Smart Programmer and 3 keys)

- Working key required
- Internet connection required
- **No token required**
- FREE password calculation
- Programming licence auto activates on Smart Pro when Smart Programmer connected

HU106S23 SILCA IR SLOT KEY

- Similar design to original
- 3 buttons, lock, unlock & boot
- Emergency blade HU106 included
- Technology allows automatic open and close of windows just like original keys
- Keys can be reset to virgin status and reprogrammed
- Remote frequency can be programmed to either 433 (default) or 315MHz
- Hook display packaging

ADC260 SMART PROGRAMMER

The ADC260 Smart Programmer is a light weight easy to use device required for programming keys to select Mercedes® vehicles.

The IR key emulator is compatible with Mercedes® ignitions and simulates the original key for the purpose of reading immobiliser data from the vehicle.

The base station allows for read / write operations. The ADC260 device connects to the Smart Pro by way of USB.

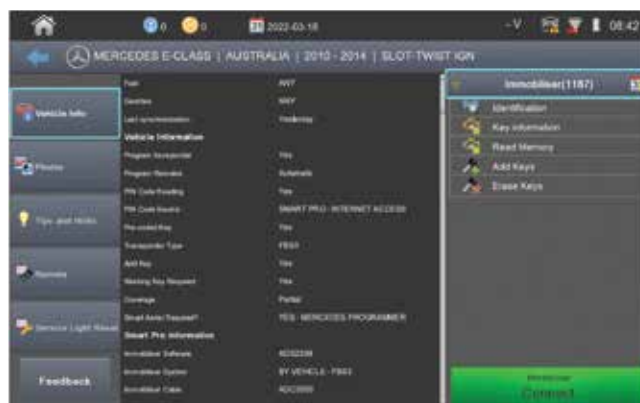

SOFTWARE ADS2298 FOR MERCEDES®

Clear and concise application list includes model, date range and chassis code.

Reading of IR keys in standalone mode.
Self-Test function of the ADC260 programmer.

Detailed vehicle information, exact functionality permitted together with images, tips and hints.

HIGHLY SECURE KEYLESS SALTO TECHNOLOGY

The great outdoors is no challenge for the SALTO Neoxx Electronic Padlock. Packed with the latest keyless technology, the Neoxx looks great while offering a unique solution to perimeter and field access control.

The Neoxx features IP68 water resistance and dust protection, rated for harsh environments and extreme climates. A special armoured case with double-layered structure guarantees protection from falls, shocks, and the toughest usage.

Easy-to-use and highly secure keyless SALTO technology provides instant access for users out in the field, with digital keys that can be issued immediately to their smartphone.

CELEBRATE 95 YEARS WITH LSC

**LSC IS YOUR TRUSTED
PARTNER FOR COMPLETE
SECURITY SOLUTIONS**

**LSC IS COMMITTED TO
ADVANCING SECURITY
TECHNOLOGY**

**LSC HAS BEEN KEEPING
AUSTRALIANS SECURE
FOR 95 YEARS**

When my grandfather Aubrey Johnson started this company in 1926 he had one simple philosophy: look after your customers and your staff all the time, every time. Thinking about recent history, those values couldn't be more relevant. Throughout one of the most challenging periods the world has ever faced, I'm reminded how those values have focused our energy on what matters for you, and how you in turn have supported us and kept our team busy.

We're fortunate to operate in an essential industry, one that's been insulated from the worst economic effects of the pandemic. And when I think of how we've managed to bring you new and innovative things such as online training, a completely new website, new products; and how we've continued to upskill our team to better service you, I am incredibly proud.

Locksmiths and Security Installers are using LSC's widest range of security solutions, backed up by our knowledgeable, approachable and friendly team to solve more problems for your customers every day.

As we celebrate our 95th year, we're as passionate about helping you grow, adapt, evolve and improve your business as we've ever been. I thank you for your support, and (after the crazy couple of years we've just been through) sincerely look forward to seeing as many of you as possible in 2022.

- Mark Johnson

COMING SOON // NEW E-COMMERCE WEBSITE FOR LSC NZ

We're pleased to announce the imminent launch of our new e-commerce website in early 2022. Security professionals can look forward to a host of new-and-improved features such as category drop-down menus (for enhanced site navigation), a souped-up search function and faster page load speeds. Many of our customers are on the road all-day, every-day. Recognising this, our new site is designed to offer users a seamless experience regardless of their chosen device – be that a mobile phone while on site or a laptop when you're back in the office.

Powerful new search engine

Detailed product specifications, pricing and stock levels all on one page

View invoices and order history

Product filtering capabilities by a range of specification or attribute

Massive library of catalogues and resources

WELCOME TO DECEMBER

At the writing of this article, Auckland and most of the Waikato remain in level 3 lockdown with restricted movement, therefore our Upper North Island Account Manager hasn't had the chance to come in, visit and keep you up to speed with developments. In early October, we said goodbye to Stuart Oxford who has had a complete career change.

We have replaced Stuart with Craig Andrewartha, who most of you will know from his recent employment with Levco and prior to that, his very long association with Armstrong Locksmiths. Craig obviously brings a wealth of knowledge and experience in all things security and will be a huge asset not only to LSC, but to your business as well. Welcome to LSC NZ Craig!

HAPPY CUSTOMERS

SHANE REID AUTO ELECTRICAL

Shane Reid of Shane Reid Auto Electrical in Hawera is delighted with his new Smart Pro and Smart Aerial. Shane recently bought the locksmithing business of the recently deceased Mike Seaver and, as well as automotive, is also undertaking general locksmithing as there is no other locally based locksmith or key cutter. We wish Shane well with the new branch of his business.

TALBOT SECURITY

Thomas Tippet stands proudly in the new show room at Talbot Security

*Give your customers the
ultimate control of their
home security.*

A NEW ERA IN SMART, MODERN SECURITY

Change the way you think about home security and upgrade to a dormakaba digital door lock with the new M Series BLE smart locks. Allowing you to unlock your door with a PIN, an RFID Card/Fob, a key or a Smart phone via Bluetooth.

Designed with elegance, matched with the convenience of the smart features and functions whilst not compromising on security, reliability and performance.

Give your customers the ultimate control of their home security.
