STI POLYCARBONATE ENCLOSURES

A range of multipurpose transparent polycarbonate enclosures has been designed for the protection of fire and security control panels and other electronic equipment. Combining a tough rugged construction with stylish design, the range offers excellent protection for a wide range of different equipment. The enclosures offer protection from vandalism, accidental damage and the environment whilst ensuring all-round visibility and immediate access.

External mounting tabs allow the enclosures to be easily installed on to any wall surface, providing protection without the need to change the location of the equipment. Complete mounting accessories and tamperproof screws are provided.

For additional security and to deter misuse or theft, the enclosures can be fitted with a security alarm or sounder/strobe device.

The polycarbonate is backed by a lifetime guarantee against breakage and damage under normal conditions.
FEATURES

- Clear tough polycarbonate enclosure
- Includes thumb lock or key lock
- Additional eyelet allows use of a secondary safety seal or padlock
