

New Key Programming Software compatible with ISUZU ADS2329 - Code D756915AD

July 2023

Advanced Diagnostics is pleased to announce the release of new software to program keys for a range of ISUZU* models even in an all keys lost situation.

What does the software do?

The ADS2329 software programs both bladed and proximity keys for various Isuzu* vehicles without need of a working key. The procedure programs the remote and the transponder at the same time. A dealer pincode is required.

What else is needed?

Smart Pro

OFFER DETAILS

Cable	ADC2000
Smart Aerial required	No
