Universal Remote Car Key
IRFH18

Universal Remote Car Key IRFH18

THE EASIEST SOLUTION FOR DUPLICATING CAR REMOTES

The Silca Universal Remote Car Keys are a range of quality remotes that, once programmed, duplicate the functions of the original vehicle key. The key designs are inspired by original keys of internationally recognizable brands, providing a solution at a much more affordable price compared to authorized car dealers.

The IRFH18 is the latest addition to the Silca Universal Remote Car Key range. Ideal for duplicating Toyota* remotes it features 3 push buttons for lock, unlock and boot release. Like all Silca car remotes it's compliant with CE standards.

MYSILCA SRP APP

MySilca SRP is Silca exclusive, free app to operate the Universal Remote Car Key Solution. It is compatible with Android operated smartphones that support the OTG technology (USB On-The-Go)**. This solution is not available for iOs devices.
The app is available in English, German, French, Italian, Portuguese, Spanish and Dutch.

If you have already installed the app on your smartphone, update it to version 1.5.

GET IT ON Google Play

** Virtually all the smartphones produced from 2013-2014 support the OTG technology

CE CERTIFIED

CE The Universal Remote Car Key and the Universal Remote Cable have been designed and manufactured in conformity with CE mark European standards.
