

## Speed

Fast, compact and user-friendly, Speed is perfect for key cutters who have just entered the key duplication business, but also for experienced Duplicating Centres that require a precise and user-friendly machine with a wide range of optional accessories.

*Speed is the new Silca key cutting machine for the duplication of cylinder, vehicle and cruciform keys.*

\* Standard only on 120V version.

## Speed Silca

## Speed - Plus

- ✓ **Fast, precise and user-friendly**, Speed guarantees high-quality results in the duplication of cylinder, vehicle and cruciform keys.
- ✓ First-rate performances and perfect regulation of the depth of cuts thanks to the **tracer point with controlled pitch grub screw**.
- ✓ Great versatility thanks to the **four-face rotating clamps** that allow to block various types of keys, both on the back and on the profile side.
- ✓ Comfort is ensured by the **ergonomic shape of handles and levers**.
- ✓ **Compact dimensions** to save space and better organise the work station.
- ✓ Efficiency and cleanliness of the work station thanks to the **incorporated brush for finishing cut keys** and the **removable chipping tray**.
- ✓ **Moving parts are protected** from the introduction of dust and metal chippings.
- ✓ **Wide range of optional accessories** to further enlarge the potential of the machine.

Speed is engineered in conformity with CE mark European standards.
